

Wonders beyond Numbers

Blessed are You, Author of Creation,

who orchestrates nature's ebb and flow.

Your wonders are beyond numbers,

Limitless and all around us, God's blessings surround us.

Without You, there is no we.

No mountains or rivers I'd see.

places to escape, to simply be.

amongst God's handiwork

the natural world and me.

Baruch atah Adonai, Yotzer Ha'amarot.
